# E-ZI MINI FEATURES

## KEYLESS IGNITION & BUILT-IN ALARM

The only time you need the keys is to either engage the steering lock or access the battery compartment, otherwise, the ignition system is keyless. The e-Zi also comes with a built-in alarm system that is remotely operated by the keyfob and once activated not only sounds an alarm but also locks the rear wheel

## HYDRAULIC FRONT DISC BRAKE

Hydraulic front brake disc gives ample stopping power which is also supported by a rear drum brake

## LED LIGHTING

Powerful LED headlamp gives great visibility and makes you easily noticeable by other road users, the indicators are also LED as is the rear tail and brake lamp

## POWERFUL LITHIUM BATTERY

48v 20AH lithium battery with a top speed of 45kmh restricted to meet UK 50cc licence requirements and a range of 45km
